The Anchorage Schools Foundation (ASF) is a fund of The Alaska Community Foundation. It was created by a dedicated group of volunteers who are passionate about supporting projects that enhance the success of students in the Anchorage School District (ASD). The ASF Fund provides small grants to accelerate academic achievements, test new ideas, and support innovative projects.

ELIGIBILITY CRITERIA

Eligible applicants include school professionals such as principals, teachers, nurses, counselors, administrators, certified staff, and students sponsored by certified staff. Grant funds may not be awarded to individuals.

ELIGIBLE PROJECTS

Projects supported through the ASF grant program should reflect an innovative or creative approach to education; impact multiple students; demonstrate sustainability if start-up funds are requested; and be completed within the 2022-2023 academic year.

Past grants have included awards to:

- Purchase classroom supplies
- Travel costs
- Recreational equipment and uniforms
- Classroom or Library books
- Technology components
- Instruments or sheet music
- Emergency needs for students
- Material needs that support enhanced student success
