#### Independent Auditor's Report

Members of the Board of Directors The Alaska Community Foundation and Affiliate Anchorage, Alaska

We have audited the accompanying consolidated financial statements of The Alaska Community Foundation and Affiliate, which comprise the consolidated statements of financial position of as of December 31, 2018 and 2017, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

#### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The Alaska Community Foundation and Affiliate as of December 31, 2018 and 2017; and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

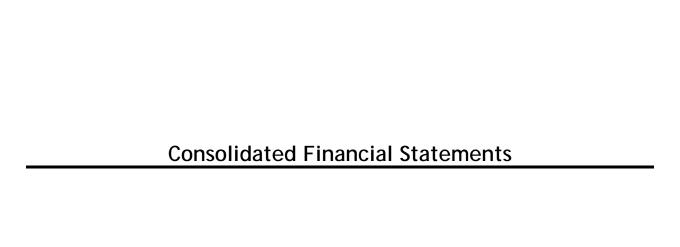

#### Emphasis of Matter

As discussed in Note 14 to the financial statements, in 2018 the Foundation adopted the provisions of ASU 2016-14, *Presentation of Financial Statements of Not-For-Profit Entities*. Our opinion is not modified with respect to this matter.

Notes to Consolidated Financial Statements Years Ended December 31, 2018 and 2017

#### 1. Summary of Significant Accounting Policies

#### **Operations**

The Alaska Community Foundation and Affiliate (the Foundation) was incorporated as a nonprofit organization in the State of Alaska in 1995. The primary purpose of a community foundation is to encourage philanthropy and strengthen communities. The Foundation's mission is: Inspiring the spirit of giving and connecting people, organizations and causes to strengthen Alaska's communities now and forever.

The Foundation receives a wide variety of gifts and, per the Foundation's gift acceptance policy will bring all gifts into alignment with the investment policy in a prudent and timely manner.

#### Basis of Presentation

In accordance with the *Not-for-Profit Entities* Topic 958 of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), the Foundation is required to report information regarding its financial position and activities according to the existence or absence of donor-imposed restrictions.

- Net assets without donor restrictions represent funds available for grants and expenses which
  are not otherwise limited by donor restrictions.
- Net assets with donor restrictions consist of contributed funds subject to specific donorimposed restrictions contingent upon specific performance of a future event or a specific passage of time.

#### Without Donor Restrictions

Without Donor Restrictions is defined as that portion of net assets that has no use or time restriction. The by-laws of the Foundation include a variance provision giving the Board the power to modify any restriction or condition on the distribution of funds for any specified charitable purpose or to specified organizations if, in the sole judgement of the Board, such restriction or condition becomes, in effect, unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community or area served. Based on that provision, the Foundation classifies contributions, except as noted below, as without donor restrictions for financial statement presentation.

#### With Donor Restrictions

With Donor Restrictions is defined as that portion of net assets that consist of a restriction on the specified use or the occurrence of a certain future event. Contributions unconditionally promised, including irrevocable planned gifts, which are scheduled to be received more than one year in the future, are recorded at fair value, classified as with donor restriction until the funds are received, and are discounted at a rate commensurate with the risks involved. Net assets consisting of the initial fair value of the gifts where the donor has specified that the assets donated are to be retained in an endowment, providing a permanent source of revenue for charitable purposes are classified as with donor restrictions. The accumulation of assets, above historic gift value, in donor restricted endowment funds is classified as with donor restriction until appropriated for use based on the Foundation's spending policy. The Foundation also receive grants from charitable foundations and local agencies for initiatives and special projects for which purpose restrictions apply. Such grants and contributions are recorded as with donor restrictions until the purpose restrictions are met. When the

#### Notes to Consolidated Financial Statements

purpose restriction is accomplished, with donor restriction net assets are reclassified to without donor restrictions net assets and reported as net assets released from restrictions.

#### Principles of Consolidation

The consolidated financial statements include the accounts of the Foundation and its wholly owned subsidiary, ACF Properties LLC, which was funded to receive contributions of real estate. All material intra-entity transactions have been eliminated.

#### Basis of Accounting

For purposes of the statement of cash flows, the Foundation considers all unrestricted liquid investments with an initial maturity of three months or less to be cash equivalents.

The Foundation follows Generally Accepted Accounting Principles (GAAP), when preparing consolidated financial statements and accounting for contributions received and contributions made. GAAP establishes standards for general purpose external consolidated financial statements.

It requires that those consolidated financial statements provide certain basic information that focuses on the entity as a whole and meets the common needs of external users of those statements.

Under GAAP, contributions and pledges are recorded in the period received in the appropriate class of net assets based upon any donor-imposed stipulations.

#### Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, the Foundation considers highly liquid investments with original maturities of three months or less to be cash equivalents.

#### *Investments*

Investments in marketable securities are reported at fair value in the Statements of Financial Position. Unrealized gains and losses and interest earned on investments are recorded as donor-restricted or without donor restricted investment earnings. All investment earnings are recorded in the Statements of Activities.

#### Accounts and Grants Receivable

Accounts receivable are recorded on the accrual basis when the goods and services are billed and are considered delinquent or uncollectible on a case-by-case basis by management. The Foundation records an allowance for doubtful accounts for the estimated uncollectible portion of the accounts receivable. This estimate is based on management's historical collection experience and a review of current accounts receivable. Management deems all receivables fully collectible; therefore, no allowance has been established at December 31, 2018 and 2017. Receivables are charged off when all collection efforts have been exhausted.

#### Prepaid Expenses

Payments made to vendors for services that will benefit periods beyond the year end are recorded as prepaid expenses.

#### Notes to Consolidated Financial Statements

#### Property and Equipment

Property and equipment are stated at cost or estimated fair value if donated. Expenses for maintenance and repairs are charged to expense as incurred, and expenses for major renovations are capitalized. All expenses for property and equipment in excess of \$5,000 are capitalized. Depreciation is provided over the estimated useful lives of the assets on a straight-line basis of 3-7 years.

#### Funds Held in Trust for Other Organizations (Agency Endowments)

Assets received from an organization that names itself or its affiliate as the beneficiary of the funds the Foundation records as liabilities rather than as contributions, even if variance power is explicitly stated in the gift agreement. Assets received and net investment earnings are recorded as increases to agency endowment liabilities; fund distributions and fees are recorded as decreases to liabilities.

#### Funds Held as Donor Advised and Other Funds

Assets and contributions paid directly to the Foundation for a charitable endowment specified by the donor are considered to be unrestricted contributions to the Foundation if the donor has entered into an agreement that grants the Foundation variance power. Assets held are reported as restricted cash or restricted investments and without donor restrictions net assets.

The Foundation also maintains funds for which the donor has no expectation of giving advice once the gift is given. Those include scholarships, field of interest funds, designated funds, project funds, operating funds, and unrestricted funds.

With donor restrictions contributions to the Foundation are held as such until the restrictions are met and the net assets are released from restrictions.

#### Fair Value of Financial Instruments

The Foundation discloses its estimate of the fair value of material financial instruments, including those recorded as assets or liabilities in its consolidated financial statements.

The following financial instruments are recorded at fair value or at amounts that approximate fair value: (1) cash and cash equivalents, (2) investments, (3) receivables, net, (4) certain other current assets, (5) accounts payable and (6) other current liabilities. The carrying amounts reported in the Statements of Financial Position for the above financial instruments closely approximates their fair value due to the short-term nature of these assets and liabilities except for the Foundation's investments. The carrying amounts of the Foundation's investments were determined based on quoted market prices when available.

#### Compensated Absences

Annual leave is accrued as earned and recorded as an expense in the period earned.

#### Notes to Consolidated Financial Statements

#### Support and Revenue

*Fund Administration Fees*: Fees for services include charges to the individual funds for administration and managing the investments. Fees are recognized at the time the services are provided by the Foundation. Services are recognized monthly.

Contributions: Unconditional promises to give cash and other assets to the Foundation are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at the fair value at the date the gift is received. The gifts are reported as either with donor restrictions support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, with donor restriction net assets are reclassified as without donor restriction net assets and reported in the statements of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met the same year as received are reported as without donor restricted contributions in the accompanying consolidated financial statements.

*Public Support*: Contributions reported on the statements of activities include grants and other contributions from corporations, foundations and individuals, as well as grants from the State of Alaska.

#### Functional Allocation of Expenses

Expenses which apply to more than one functional category (i.e. Program Services, Management & General, and Fundraising) have been allocated based on the time spent on these functions by specific employees as reflected in their timesheets. Indirect expenses such as facility costs are allocated based on square footage used by functional departments. Certain marketing material costs or special events costs are allocated based on the percentage of the publication or marketing technology devoted to each functional area. Other indirect expenses, such as information technology and supplies are allocated based on the overall number of staff in the various functional categories, and the utilization of the expense category by the staff. All other costs are charged directly to the appropriate functional category.

#### Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. Actual results could differ from those estimates.

#### *In-kind Contributions*

Donated services are recognized as contributions in accordance with FASB ASC 958, Accounting for Contributions Received and Contributions Made, if the services (1) create or enhance nonfinancial assets or (2) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Foundation. In-kind contributions for space, supplies, and professional services are recorded in the statement of activities at market value and recognized as revenue and expenses in the period they are received, except for donated equipment, which is recorded as revenue in the period received and the asset is depreciated over its estimated useful life.

#### Notes to Consolidated Financial Statements

#### Income Tax Status

The Foundation is a nonprofit corporation exempt from income taxation under Section 501(c)(3) of the Internal Revenue Code whereby only unrelated business income, as defined by Section 512(a)(1) of the Internal Revenue Code, is subject to Federal income tax.

The Foundation applies the provisions of ASC No. 740 relating to accounting for uncertainty in income taxes. The Foundation annually reviews its tax returns and positions taken in accordance with the recognition standards. The Foundation believes that it has no uncertain tax position which would require disclosure or adjustment as of December 31, 2018 or 2017.

The Foundation classifies all interest and penalties related to tax contingencies as income tax expense. As of December 31, 2018 and 2017, there were no accrued interest or penalties. The Foundation files tax returns in the U.S. Federal Jurisdiction and the State of Alaska. As of December 31, 2018, the tax years that remain subject to examination are 2015, 2016 and 2017.

#### Liquidity

The Foundation receives significant contributions with donor restrictions to be used in accordance with the associated purpose restrictions. It also receives gifts to establish endowments that will exist in perpetuity; the income generated from such endowments is used to fund programs. In addition, the Foundation receives support without donor restrictions; such support has historically represented a significant portion of annual program funding needs, with the remainder funded by investment income without donor restrictions and appropriated earnings from gifts with donor restrictions.

The Foundation considers investment income without donor restrictions, appropriated earnings from donor-restricted endowments, contributions without donor restrictions and contributions with donor restrictions for use in current programs which are ongoing, major, and central to its annual operations to be available to meet cash needs for general expenditures. The Foundation also considers the administrative fees it charges all funds at the Foundation to support its general expenditures and annual operations. General expenditures include administrative and general expenses, fundraising expenses and grant commitments expected to be paid in the subsequent year. Annual operations are defined as activities occurring during the Foundation's fiscal year.

The Foundation manages its cash available to meet general expenditures following these guiding principles:

- An operating budget within a prudent range of financial soundness and stability,
- Maintaining adequate liquid assets, and
- Maintaining sufficient reserves to provide reasonable assurance that grant commitments and obligations under endowments with donor restrictions that support mission fulfillment will continue to be met, ensuring the sustainability of the Foundation.

#### Notes to Consolidated Financial Statements

#### Subsequent Events

Management has evaluated the existence of subsequent events through August 20, 2019, the date which the consolidated financial statements were available for issuance.

#### 2. Cash and Cash Equivalents

The Foundation maintains cash balances at financial institutions located in Anchorage, Alaska, which are insured by the FDIC up to \$250,000 at December 31, 2018 and 2017. Any amounts exceeding FDIC insurance coverage are uncollateralized and uninsured and represent a concentration of credit risk. Uninsured and uncollateralized amounts were \$4,806,951 and \$4,483,008, respectively, at December 31, 2018 and 2017.

#### 3. Fair Value Measurements/Investments

Included in investment related line items in the consolidated financial statements are certain financial instruments carried at fair value. Other financial instruments are periodically measured at fair value, such as when impaired, or for certain bonds and preferred stock when carried at the lower of cost or market.

The fair value of an asset is the amount at which the asset could be bought or sold in a current transaction between willing parties, that is, other than in a forced or liquidation sale. The fair value of a liability is the amount at which that liability could be incurred or settled in a current transaction between willing parties, that is, other than in a forced or liquidation sale. Fair values are based on quoted market prices when available.

The Foundation's financial assets and liabilities carried at fair value have been classified, for disclosure purposes, based on a hierarchy defined by generally accepted accounting principles. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest ranking to fair values determined using methods and models with unobservable inputs (Level 3). An asset's or a liability's classification

#### Notes to Consolidated Financial Statements

is based on the lowest level input that is significant to its measurement. For example, a Level 3 fair value measurement may include inputs that are both observable (Levels 1 and 2) and unobservable (Level 3). The levels of the fair value hierarchy are as follows:

- Level 1 Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.
- Level 2 Inputs include quoted prices for similar assets or liabilities in active markets, quoted
  prices from those willing to trade in markets that are not active, or other inputs that are
  observable or can be corroborated by market data for the term of the instrument. Such inputs
  include market interest rates and volatilities, spreads and yield curves.
- Level 3 Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Foundation's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

#### Notes to Consolidated Financial Statements

Reconciliations of assets and liabilities measured and carried at fair value on a recurring basis with the use of significant unobservable inputs (Level 3) for the year ending December 31, 2018 and 2017 are as follows:

|   | Fair value<br>investments |  |
|---|---------------------------|--|
| Balance at December 31,2016                 | \$ 13,179,996             |  |
| Change in value due to appraisal/redemption | (252,473)                 |  |
| Balance at December 31, 2017                | 12,927,523                |  |
| Change in value due to appraisal/redemption | (1,881,400)               |  |
| Balance at December 31, 2018                | \$ 11,046,123             |  |

Investments consisting of closely held stock are recorded at fair value based on an appraisal using valuation techniques such as the sales-comparison approach and income approach. Unobservable inputs include market comparable rates.

The Foundation's accounting policy is to recognize transfers between levels of their fair value hierarchy on the date of the event or change in circumstances that caused the transfer. During 2018, significant transfers between Level 1, Level 2, or Level 3 occurred as the Foundation switched to a more passive investment scheme, particularly in global equities. These included liquidations of positions in Level 3 with transfers to Level 1.

The Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amount reported in the statement of financial position.

### 4. Investment Income (Loss)

Investment income is comprised of the following at December 31:

#### 9. Leases

The Foundation entered into a lease that was executed November 1, 2012 and terminating on October 31, 2022. During 2014, The Foundation's lease provided for month to month occupancy. Terms of the agreement provide for monthly payments of \$1.48 per square foot, or \$9,216 for space and utilities and increases of 3% per year. In 2015, the Foundation signed an amendment to increase the amount of space rented. Terms of this amendment provide for additional monthly payments of \$1.53 per square foot, or \$3,288 for space and utilities and increases of 3% per year. Rent expense for office space, including the additional space added in 2015, was \$163,598 and \$160,543 for the years ended December 31, 2018 and 2017, respectively.

Minimum future lease obligations on all leases in effect at December 31 are as follows:

| 2019  | \$<br>166,723 |
|-------|---------------|
| 2020  | 169,960       |
| 2021  | 173,442       |
| 2022  | 146,848       |
| Total | \$<br>656,973 |

#### Notes to Consolidated Financial Statements

#### 10. Subleases

The Alaska Community Foundation and Affiliate subleases space within its leased area to various other entities on varying terms. The Alaska Community Foundation and Affiliate has multiple sublease agreements that are renewed annually and one sublease that ends April 2020. Expected future payments of subleases to offset lease expenses are as follows:

| 2019<br>2020 | \$<br>127,482<br>400 |
|--------------|----------------------|
| Total        | \$<br>127,882        |

#### 11. Related Parties

On October 1, 2012, The Foundation entered into an office lease agreement with SJ/JL Calais Office I, LLC. A board member of The Foundation, is a 28.5% direct beneficial owner and 15.7% indirect beneficial owner through an Alaska Trust. In addition, The Foundation's largest grantor is an 11.6% beneficial owner in the SJ/JL Calais Office I, LLC. A portion of the grantor's share of income from this partnership is used to offset and reduce the office space lease payments for the Foundation. The lease payments for 2018 were \$163,598 and \$147,206 in 2017.

In 2018 and 2017, The Foundation recognized \$2,032,812 and \$2,899,980, respectively, in revenue from the Rasmuson Foundation. The President and CEO of the Rasmuson Foundation, is also a board member of the Foundation.

On December 19, 2012, The Alaska Children's Trust entered into an office lease agreement with The Foundation and contracts with The Foundation program grant making staff to provide grant making due diligence for the Alaska Children's Trust. Additionally, The Foundation invests and manages an investment portfolio of \$11 million on behalf of the Alaska Children's Trust. In 2018, The Foundation recorded \$54,346 in rental income and \$1,275 was billed back to the Alaska Children's Trust for reimbursement of postage, printing and staff time performing administrative and grant making services.

Anchorage Park Foundation maintains an office lease agreement with The Foundation and contracts with The Foundation program grant making staff to provide grant making due diligence and other financial services for the Anchorage Park Foundation. Additionally, The Foundation invests and manages an investment portfolio of \$236,028 on behalf of the Anchorage Park Foundation. In 2018, The Foundation recorded \$39,042 in rental income and \$334 was billed back to the Anchorage Park Foundation for other expenses.

#### 12. Contingencies

Amounts received or receivable from grantors are subject to audit and adjustment. Any disallowed claims, including amounts already collected, would become a liability of the Foundation. However, management believes that such claims, if any, would not be significant.

#### Notes to Consolidated Financial Statements

#### 13. Pension Plan

Prior to 2017, the Foundation had a 403(b) defined contribution plan with Mutual of America, which covers full-time employees at their date of hire. Under the Plan, the Foundation provided an employer contribution of 6% of the employee's gross wages after 12 months of service. As of 2018, the Alaska Community Foundation has a 401(k) defined contribution plan with John Hancock, which covers full-time employees. Under the Plan, the Foundation provides an elective employer matching contribution of 100% of the employee contribution up to 3% of wages, and an additional 50% of the employee contribution for the next 2% of wages after 12 months of service. Employer contributions under the plan totaled \$35,441 and \$25,476 for the years ended 2018 and 2017, respectively.

#### 14. Recently-Adopted Accounting Standards

On August 18, 2016, the Financial Accounting Standards Board ("FASB") Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and the availability of resources, and the lack of consistency in the type of information provided about expenses and investment returns. The Foundation implemented ASU No. 2016-14 during the year ended December 31, 2018 and has applied this update retrospectively to all periods presented.

## 15. Accounting Pronouncements Issued but Not Yet Adopted or Currently in Effect

In May 2014, FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606), which is a comprehensive new revenue recognition standard that will supersede existing revenue recognition guidance. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customer in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. FASB issued ASU 2015-14 that deferred the effective date for the Entities until annual periods beginning after December 15, 2018. Earlier adoption is permitted subject to certain limitations. The amendments in this update are required to be applied retrospectively to each prior reporting period presented or with the cumulative effect being recognized at the date of initial application. Management is currently evaluating the impact of this ASU on its consolidated financial statements.

In February 2016, FASB issued ASU 2016-02, *Leases* (Topic 842), to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statement of financial position and disclosing key information about leasing arrangements for lessees and lessors. The new standard applies a right-of-use (ROU) model that requires, for all leases with a lease term of more than 12 months, an asset representing its right to use the underlying asset for the lease term and a liability to make lease payments to be recorded. The ASU is effective for the Entities' fiscal years beginning after December 15, 2019 with early adoption permitted. Management is currently evaluating the impact of this ASU on its consolidated financial statements.

In June 2018, FASB issued ASU 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (Topic 958). ASU 2018-08 improves the scope and provides clarification for contributions received and contributions made. The update assists in evaluating whether transactions should be accounted for as contributions or as exchange transactions and determining whether a contribution is conditional. Distinguishing between contributions and exchange transactions determines which guidance is applied. For contributions,

## The Alaska Community Foundation

#### **Notes to Financial Statements**

an entity should follow the guidance in Subtopic 958-605, whereas for exchange transactions, an entity should follow other guidance. Management is currently evaluating the impact of their pending adoption of the new standard on their financial statements.

## 16. Subsequent Events

Subsequent to year-end, an organization withdrew funds at The Foundation of more than \$4 million (and subsequent payments from investments in April of over \$200,000, which consisted of nearly all of the balance in the fund). They will become their own standalone community foundation and partner with The Foundation.
