

2023 Anchorage Schools Foundation Grant Cycle

Alaska Community Foundation

About the ASF Grant

Projects should reflect an innovative or creative approach to education; impact multiple students; demonstrate sustainability if start-up funds are requested; and be completed within quarter 3 and/or 4 of the 2023-2024 academic year.

Past grants have included awards to purchase classroom supplies, recreational equipment and uniforms, books, technology, instruments, and other material needs that support enhanced student success.

Special consideration will be given to projects that support current ASD initiatives such as innovative mathematics projects, engaging seniors, supporting Pre-K, safe schools and service learning.

Have you received a grant from ACF before?

Has your class received an Anchorage Schools Foundation Grant before?*
